

Family Style

M E N U

Family Style meal looks like a family meal you may have had as a child, each guest takes turns serving themselves. Everyone eats at same time.

Photo: Revolution Studios

Family style is a great option to create a more social experience among guests. It's important to note family style is a more expensive rental and food option as you need heartier portions. Smaller table decor is necessary because lots of space is needed for the extra serving plates.
